Speaker Testimonials

David
Kopp

„ecoCompute is the best conference
for learning best practices

for greening IT and networking with like-minded people.”

Christian
Binder

„The ecoCompute marks the spearhead
of sustainable patterns and delivers inspiration
to enable the most sustainable solutions”

Eric
Jochum

„The ecoCompute was one of our
most impressive events in 2024.

[...] exciting talks and it was a perfect place
for GreenIT networking.“

ecoCompute 2025

Attendee Testimonials

„Very good talks, very friendly people. 😍”

„Great community, two tracks were just the right amount of selection. Sufficient breaks in between.”

„I loved meeting all these people and getting multiple perspectives on the topic.”

„ecoCompute is the best conference for learning best practices for greening IT and networking with like-minded people.”

„Vegetarian/Vegan Food, LOCATION, Exchange, super friendly and welcoming atmosphere.”

„The concept with food choice, badges that grow plants, the organisers gained trust I think - Separates this from more green-washing events.”

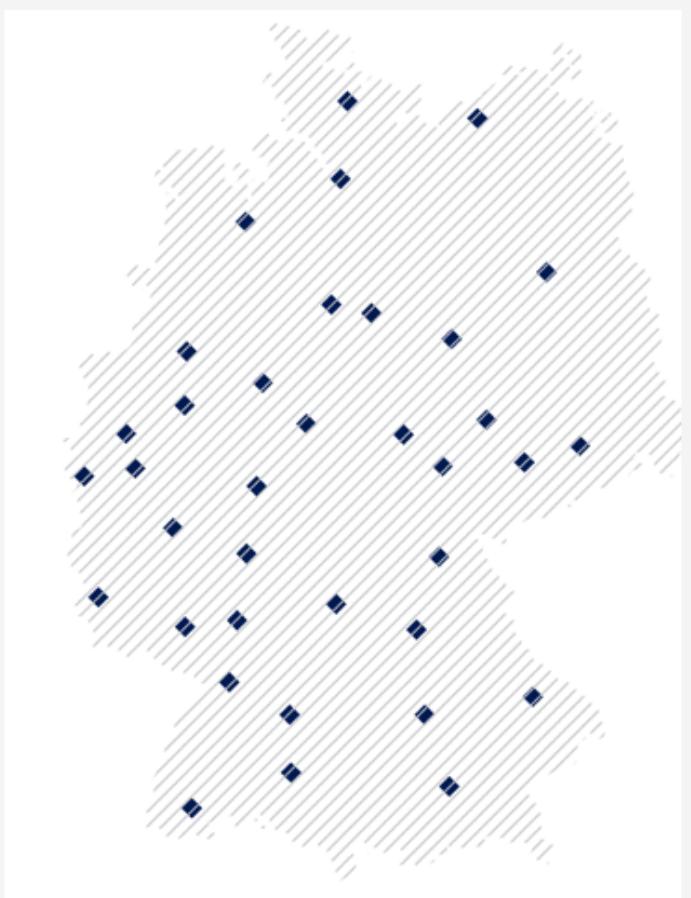

Partner spotlight

GESELLSCHAFT
FÜR INFORMATIK

The voice of informatics

- ❖ Around 20,000 personal members
- ❖ Representing computer scientists in science, business, public administration, society and politics since 1969

- ❖ 14 specialist areas
- ❖ 30 regional groups
- ❖ countless specialist groups

"IT and its products make a decisive contribution to these impacts on nature, the environment and the climate. GI is aware of these impacts, its role and responsibility towards society - especially future generations and the Global South. Sustainable IT must be aligned with the global sustainability goals of the United Nations and take software, hardware and infrastructures into account."

(GI Executive Board resolution "The responsibility of computer science on the path to climate neutrality" from 3.8.2023)
